

Coastal Breeze Inn, our family-owned, coastal retreat located in the serene landscapes of Halland. For generations, we've welcomed guests into our bright, fresh, and charming abode. Our interiors exude the tranquility of typical Swedish coastal life, while providing the modern comforts and amenities.

Why Choose Coastal Breeze Inn:

Guests return for our timeless charm and personal touch. Our traditional yet stylish rooms capture the spirit of Swedish coastal living. Each room is thoughtfully designed to offer breathtaking views and a sense of peace.

Sustainability is a family tradition.

We power the hotel with renewable energy from solar panels, and conserve water with low-flow fixtures and rainwater collection. Our kitchen serves locally-sourced meals to reduce our carbon footprint. We treat our staff like family too, offering fair wages, flexible hours, and opportunities for growth. By staying with us, guests support both environmental and social sustainability while enjoying a relaxing coastal retreat.

Offerings and unique experiences:

- Bike Rentals: Explore the beautiful coastline with our complimentary bicycles.
- Picnic Packages: Enjoy a curated selection of local delights while basking in nature's beauty.
- Exclusive Day Trip: Take a guided excursion to Tjolöholm Castle and end your day with a meal at the famed Lilla Napoli pizzeria. Here, the secret to securing your dinner lies in booking the dough in advance - we'll fix that for you!

Terms & Conditions:

- Pricing: All rates provided are net, incl Swedish VAT. We appreciate a list of guests min. a week prior arrival.
- Half-Board: Guests can add a half-board option for an additional fee.
- Allotments: We offer up to 8 allotments with a release period of 4 weeks prior to the planned arrival date.
